GREEN ENVIRONMENTAL ADVISORY COMMITTEE
REGULAR MEETING
JULY 27, 2012**

The meeting was called to order at 9:00 a.m. in the Lake Saint Louis Civic Center Board Conference Room.

IN ATTENDANCE:

Chairman Ed Young, Vice Chairman Scott Ellis, Ann Finklang, Keith Stone, and Alderman George Rich, Steve Schertel Director of Community Development. Absent Brenda Cueller

CALL TO ORDER:

Chairman Young called the meeting to order.

APPROVAL OF AGENDA:

MOTION TO APPROVE THE AGENDA:

Committeewoman Finklang made a motion to approve the July 27th Green Environmental Advisory Committee regular meeting agenda. The motion was seconded by Committeeman Stone and the motion carries.

THE AGENDA FROM THE JULY 27, 2012 GREEN ENVIRONMENTAL ADVISORY COMMITTEE REGULAR MEETING AGENDA IS HEREBY APPROVED, AS NOTED ABOVE.

MINUTES: June 29, 2012

MOTION TO APPROVE MINUTES:

Committeeman Stone made a motion to approve the June 29, 2012 Green Environmental Advisory Committee regular meeting minutes. The motion was seconded by Committeewoman Finklang.

In discussion it was determined the report from Vice Chairman Ellis was missing from the minutes. The motion carries with the addition of:

“2. Recycle grant update: Vice Chairman Ellis told the committee that the fourth quarter report has been sent to the Solid Waste Management District. We have until the end of 2012 to spend the remaining grant funds on the two information brochures and perhaps more outside recycle containers. Vice Chairman Ellis needs to work on the residential brochure. Christian Environmental

Services needs to work on the commercial brochure. Fifty outside recycle containers are out and gathering recyclables in City parks, Community Association marinas and other facilities, and Lake Forest Country Club grounds. We still are waiting for Christian Environmental Services to place information stickers (purchased with grant funds) on residential recycle containers in use.”

THE MINUTES FROM THE JUNE 29, 2012 GREEN ENVIRONMENTAL ADVISORY COMMITTEE REGULAR MEETING AS AMENDED IS HEREBY APPROVED, AS NOTED ABOVE.

GENERAL DISCUSSIONS:

1. Update on the Solid Waste Management District Grant. Vice Chairman Ellis reported that work still needs to be done on the two information brochures and Christian Environmental still needs to apply the residential information stickers. Also Vice Chairman Ellis is concerned about Country Club participation after talking with one of their staff. He still needs to talk with the manager. Alderman Rich said he would inquire with a worker he knows about recycling at the Country Club.
2. Update Storm Water Ordinances. Director of Community Development Schertel, Alderman Rich and Chairman Young may work together to develop a rain barrel ordinance. Chairman Young and Vice Chairman Ellis will spend a day soon attaching labels about “not dumping wastes” to storm water drain covers along City streets that do not have labels.
3. Communication update. Vice Chairman Ellis will write a recycle article for Newstime as the residential information brochure is closer to going out in the mail.
4. Green Business update. Committeewoman Finklang shared a draft of a survey. She plans to revise this after receiving committee comments. Alderman Rich wants us to think more about what we will do with the responses relative to promoting or not promoting businesses.
5. Old Business. Electronics Recycling and Appliances Recycling Event update -- The event is scheduled for Saturday, September 29th at The Meadows with WITS. Chairman Young stated he still has not received an answer about the paper shredding component if it would be available.
6. New Business. Chairman Young said he has only received one email, but the person did not follow-up with an application. There is a note on the home page of the City, but no further responses yet.

(JOURNAL & MINUTES)**

7. To Do List. Alderman Rich suggested we re-visit this long list and prioritize the items into “do it now” vs. “do it later”. The committee seemed to think this was a good idea.

To Do List:

- Improve Committee website
- Implement recommendations for City Hall operation and staff activities to reduce energy use and carbon emissions.
- Expand this energy analysis for other Lake Saint Louis buildings and households.
- Inform and educate the community through the website and articles in Newstime and The Happenings.
- Help to conserve green space, trees, and bike paths in the community.
- Consider storm water management plan and other water quality issues.
- Inform residents regarding utilization of pesticides and fertilizers on their lawn.
- Assist City staff in application for energy efficiency and other sustainability grants.
- Learn about City ordinances and building codes that promote energy efficiency and “green” living.
- Amend ordinance regarding landscaping plans to encourage use of native plants.
- Promote more participation in recycling in City.
- Promote greater use by the City and individuals of compact fluorescent lights (CFL).
- Establish a safe disposal location for CFL’s.
- Investigate reuse of yard wastes collected in the City.
- Place home kwh measuring devices in local libraries.

LONG-TERM ACTION PLAN:

- Provide “green” recommendations to the Board of Aldermen and City Staff, including energy conservation, recycling program, green space preservation, transportation choices, and enhanced water quality practices.
- Establish long-term practices for education of citizens for green/sustainable living.

NEXT MEETING:

The next meeting is Friday, August 31, 2012, at 9:00 a.m. in the Lake Saint Louis Civic Center Board Conference Room.

The meeting was called to order at 9:00 a.m. in the Lake Saint Louis Civic Center Board Conference Room.

IN ATTENDANCE:

Chairman Ed Young, Vice Chairman Scott Ellis, Ann Finklang, Keith Stone, and Alderman George Rich, Steve Schertel Director of Community Development. Absent Brenda Cueller

CALL TO ORDER:

Chairman Young called the meeting to order.

APPROVAL OF AGENDA:

MOTION TO APPROVE THE AGENDA:

Committeewoman Finklang made a motion to approve the July 27th Green Environmental Advisory Committee regular meeting agenda. The motion was seconded by Committeeman Stone and the motion carries.

THE AGENDA FROM THE JULY 27, 2012 GREEN ENVIRONMENTAL ADVISORY COMMITTEE REGULAR MEETING AGENDA IS HEREBY APPROVED, AS NOTED ABOVE.

MINUTES: June 29, 2012

MOTION TO APPROVE MINUTES:

Committeeman Stone made a motion to approve the June 29, 2012 Green Environmental Advisory Committee regular meeting minutes. The motion was seconded by Committeewoman Finklang.

In discussion it was determined the report from Vice Chairman Ellis was missing from the minutes. The motion carries with the addition of:

“2. Recycle grant update: Vice Chairman Ellis told the committee that the fourth quarter report has been sent to the Solid Waste Management District. We have until the end of 2012 to spend the remaining grant funds on the two information brochures and perhaps more outside recycle containers. Vice Chairman Ellis needs to work on the residential brochure. Christian Environmental

Services needs to work on the commercial brochure. Fifty outside recycle containers are out and gathering recyclables in City parks, Community Association marinas and other facilities, and Lake Forest Country Club grounds. We still are waiting for Christian Environmental Services to place information stickers (purchased with grant funds) on residential recycle containers in use.”

THE MINUTES FROM THE JUNE 29, 2012 GREEN ENVIRONMENTAL ADVISORY COMMITTEE REGULAR MEETING AS AMENDED IS HEREBY APPROVED, AS NOTED ABOVE.

GENERAL DISCUSSIONS:

1. Update on the Solid Waste Management District Grant. Vice Chairman Ellis reported that work still needs to be done on the two information brochures and Christian Environmental still needs to apply the residential information stickers. Also Vice Chairman Ellis is concerned about Country Club participation after talking with one of their staff. He still needs to talk with the manager. Alderman Rich said he would inquire with a worker he knows about recycling at the Country Club.
2. Update Storm Water Ordinances. Director of Community Development Schertel, Alderman Rich and Chairman Young may work together to develop a rain barrel ordinance. Chairman Young and Vice Chairman Ellis will spend a day soon attaching labels about “not dumping wastes” to storm water drain covers along City streets that do not have labels.
3. Communication update. Vice Chairman Ellis will write a recycle article for Newstime as the residential information brochure is closer to going out in the mail.
4. Green Business update. Committeewoman Finklang shared a draft of a survey. She plans to revise this after receiving committee comments. Alderman Rich wants us to think more about what we will do with the responses relative to promoting or not promoting businesses.
5. Old Business. Electronics Recycling and Appliances Recycling Event update -- The event is scheduled for Saturday, September 29th at The Meadows with WITS. Chairman Young stated he still has not received an answer about the paper shredding component if it would be available.
6. New Business. Chairman Young said he has only received one email, but the person did not follow-up with an application. There is a note on the home page of the City, but no further responses yet.

7. To Do List. Alderman Rich suggested we re-visit this long list and prioritize the items into “do it now” vs. “do it later”. The committee seemed to think this was a good idea.

To Do List:

- Improve Committee website
- Implement recommendations for City Hall operation and staff activities to reduce energy use and carbon emissions.
- Expand this energy analysis for other Lake Saint Louis buildings and households.
- Inform and educate the community through the website and articles in Newstime and The Happenings.
- Help to conserve green space, trees, and bike paths in the community.
- Consider storm water management plan and other water quality issues.
- Inform residents regarding utilization of pesticides and fertilizers on their lawn.
- Assist City staff in application for energy efficiency and other sustainability grants.
- Learn about City ordinances and building codes that promote energy efficiency and “green” living.
- Amend ordinance regarding landscaping plans to encourage use of native plants.
- Promote more participation in recycling in City.
- Promote greater use by the City and individuals of compact fluorescent lights (CFL).
- Establish a safe disposal location for CFL’s.
- Investigate reuse of yard wastes collected in the City.
- Place home kwh measuring devices in local libraries.

LONG-TERM ACTION PLAN:

- Provide “green” recommendations to the Board of Aldermen and City Staff, including energy conservation, recycling program, green space preservation, transportation choices, and enhanced water quality practices.
- Establish long-term practices for education of citizens for green/sustainable living.

- Promote greater use by the City and individuals of compact fluorescent lights (CFL).
- Establish a safe disposal location for CFL’s.
- Investigate reuse of yard wastes collected in the City.
- Place home kwh measuring devices in local libraries.

LONG-TERM ACTION PLAN:

- Provide “green” recommendations to the Board of Aldermen and City Staff, including energy conservation, recycling program, green space preservation, transportation choices, and enhanced water quality practices.
- Establish long-term practices for education of citizens for green/sustainable living.

NEXT MEETING:

The next meeting is Friday, August 31, 2012, at 9:00 a.m. in the Lake Saint Louis Civic Center Board Conference Room.

The meeting was called to order at 9:00 a.m. in the Lake Saint Louis Civic Center Board Conference Room.

IN ATTENDANCE:

Chairman Ed Young, Vice Chairman Scott Ellis, Ann Finklang, Keith Stone, and Alderman George Rich, Steve Schertel Director of Community Development. Absent Brenda Cueller

CALL TO ORDER:

Chairman Young called the meeting to order.

APPROVAL OF AGENDA:

MOTION TO APPROVE THE AGENDA:

Committeewoman Finklang made a motion to approve the July 27th Green Environmental Advisory Committee regular meeting agenda. The motion was seconded by Committeeman Stone and the motion carries.

THE AGENDA FROM THE JULY 27, 2012 GREEN ENVIRONMENTAL ADVISORY COMMITTEE REGULAR MEETING AGENDA IS HEREBY APPROVED, AS NOTED ABOVE.

MINUTES: June 29, 2012

MOTION TO APPROVE MINUTES:

Committeeman Stone made a motion to approve the June 29, 2012 Green Environmental Advisory Committee regular meeting minutes. The motion was seconded by Committeewoman Finklang.

In discussion it was determined the report from Vice Chairman Ellis was missing from the minutes. The motion carries with the addition of:

“2. Recycle grant update: Vice Chairman Ellis told the committee that the fourth quarter report has been sent to the Solid Waste Management District. We have until the end of 2012 to spend the remaining grant funds on the two information brochures and perhaps more outside recycle containers. Vice Chairman Ellis needs to work on the residential brochure. Christian Environmental

Services needs to work on the commercial brochure. Fifty outside recycle containers are out and gathering recyclables in City parks, Community Association marinas and other facilities, and Lake Forest Country Club grounds. We still are waiting for Christian Environmental Services to place information stickers (purchased with grant funds) on residential recycle containers in use.”

THE MINUTES FROM THE JUNE 29, 2012 GREEN ENVIRONMENTAL ADVISORY COMMITTEE REGULAR MEETING AS AMENDED IS HEREBY APPROVED, AS NOTED ABOVE.

GENERAL DISCUSSIONS:

1. Update on the Solid Waste Management District Grant. Vice Chairman Ellis reported that work still needs to be done on the two information brochures and Christian Environmental still needs to apply the residential information stickers. Also Vice Chairman Ellis is concerned about Country Club participation after talking with one of their staff. He still needs to talk with the manager. Alderman Rich said he would inquire with a worker he knows about recycling at the Country Club.
2. Update Storm Water Ordinances. Director of Community Development Schertel, Alderman Rich and Chairman Young may work together to develop a rain barrel ordinance. Chairman Young and Vice Chairman Ellis will spend a day soon attaching labels about “not dumping wastes” to storm water drain covers along City streets that do not have labels.
3. Communication update. Vice Chairman Ellis will write a recycle article for Newstime as the residential information brochure is closer to going out in the mail.
4. Green Business update. Committeewoman Finklang shared a draft of a survey. She plans to revise this after receiving committee comments. Alderman Rich wants us to think more about what we will do with the responses relative to promoting or not promoting businesses.
5. Old Business. Electronics Recycling and Appliances Recycling Event update -- The event is scheduled for Saturday, September 29th at The Meadows with WITS. Chairman Young stated he still has not received an answer about the paper shredding component if it would be available.
6. New Business. Chairman Young said he has only received one email, but the person did not follow-up with an application. There is a note on the home page of the City, but no further responses yet.

7. To Do List. Alderman Rich suggested we re-visit this long list and prioritize the items into “do it now” vs. “do it later”. The committee seemed to think this was a good idea.

To Do List:

- Improve Committee website
- Implement recommendations for City Hall operation and staff activities to reduce energy use and carbon emissions.
- Expand this energy analysis for other Lake Saint Louis buildings and households.
- Inform and educate the community through the website and articles in Newstime and The Happenings.
- Help to conserve green space, trees, and bike paths in the community.
- Consider storm water management plan and other water quality issues.
- Inform residents regarding utilization of pesticides and fertilizers on their lawn.
- Assist City staff in application for energy efficiency and other sustainability grants.
- Learn about City ordinances and building codes that promote energy efficiency and “green” living.
- Amend ordinance regarding landscaping plans to encourage use of native plants.
- Promote more participation in recycling in City.
