THIS PAGE INTENTIONALLY LEFT BLANK

December 16, 2015

The Honorable Mayor, Members of the Board of Aldermen City Administrator & Residents of the City of Lake Saint Louis, Missouri

Submitted herewith for your review is the Comprehensive Annual Financial Report (CAFR) of The City of Lake Saint Louis, Missouri for the fiscal year ended June 30, 2015. The City is responsible for both the accuracy of the presented data and the fairness and completeness of the presentation, including all disclosures. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to fairly present the City's financial position and results of operations. We have included all disclosures necessary to enable readers to gain an understanding of the City's financial activities during the fiscal year ended June 30, 2015.

This report is presented for the purpose of providing the Board of Aldermen, the Administration and the citizens of Lake Saint Louis with a detailed and complete report of financial activity during the fiscal year ended June 30, 2015.

The City of Lake Saint Louis' financial statements have been audited by Hochschild, Bloom & Co LLP, a firm of certified public accountants. The purpose of the independent audit is to provide reasonable assurance that the City's financial statements for the year ended June 30, 2015 are free of material misstatement. An independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that the audit provided a reasonable basis for issuing an unqualified opinion that the City's financial statements for the year ended June 30, 2015 are fairly presented in conformity with Generally Accepted Accounting Principles (GAAP).

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management Discussion & Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Lake Saint Louis, Missouri's MD&A can be found immediately following the Independent Auditor's Report.

It is the policy of The City of Lake Saint Louis, Missouri to have an independent audit of all books and accounts, financial records and transactions of the City at the close of each fiscal year. A Certified Public Accountant, selected by the Board of Aldermen, performs this audit annually. The 2014/2015 fiscal year audit has been completed and the independent auditor's opinion is included in this report.

GOVERNMENT PROFILE

The City of Lake Saint Louis, Missouri was incorporated in 1975. The City was organized under Missouri State Statutes as a Fourth Class City. The Mayor is elected at large to a four-year term, and two aldermen from each of the City's three wards are elected to two-year terms on a nonpartisan basis. The Mayor may vote only in the event of a tie vote by the Board of Aldermen. The Mayor also has veto power. A City Administrator, appointed by the Mayor and Board of Aldermen, is the chief administrative officer of the City and is responsible for the coordination and supervision of City operations.

The City has several advisory boards and committees composed of citizens appointed by the Mayor with the advice and consent of the Board of Aldermen. The advisory boards and committees include the Park Board, The Personnel Review/Police Review Board, the Development Review Board, the Tree Board, the Tax Increment Financing Committee, the Industrial Development Authority and the Economic Development Advisory Board. In addition, the Mayor, with the advice and consent of the Board of Aldermen appoints citizens to other boards and commissions which have responsibility for governmental functions related to zoning and building codes. These boards and commissions are the Planning and Zoning Commission, the Architectural Review Board, the Building Appeals Board and the Board of Adjustment.

The City has approximately 80 full time employees and provides a full range of non-utility municipal services. These services include public works maintenance, public works construction and improvement, planning and zoning, building inspections, engineering, parks, general administrative services and public safety.

ECONOMIC CONDITION AND OUTLOOK

The City of Lake Saint Louis, Missouri is located in St. Charles County and is easily accessible to the rest of the metropolitan St. Louis region by two major highways. Lambert-St. Louis International Airport is a 30-minute drive while the downtown St. Louis area is within a 45-minute drive of the City.

As its name implies, the City's central feature is its two lakes. However, lakes are not the only recreational amenity available to City residents. Lake Saint Louis offers some of the very best recreational facilities available anywhere in the St. Louis area, such as an 18-hole golf course, a par 3 nine-hole golf course, tennis courts, beaches, swimming pools, equestrian facilities and parks.

Officials of Lake Saint Louis, which is located in one of the fastest growing areas of the nation, have anticipated and planned for the City's growth since its inception. Evidence of the City's planned community environment is demonstrated by the high quality and diversity of housing, well-planned residential and commercial areas, and by an abundance of recreational amenities.

While the City's financial position is currently strong, the administration continues to advocate appropriate high quality economic development, which will provide for the City's financial stability and growth for decades to come.

The City's future financial prospects continue to be positive despite current challenging economic conditions. Because of the many unique recreational amenities offered by the community, the city's continued emphasis on green space and adherence to stringent building and maintenance codes, along with the City's location in the "golden triangle" of St. Charles County which offers easy access to major highways, Lake Saint Louis should continue to attract new residents and continue to maintain comparatively steady property values.

In addition to some expected residential growth, City staff anticipates that commercial development within the City will continue into the future. City staff is optimistic that Lake Saint Louis will continue to attract commercial development of the highest quality.

MAJOR INITIATIVES

Major projects started, continued and/or completed during the year include Freymuth Road reconstruction, Ronald Reagan Drive, Civic Center Drive reconstruction, multiple storm water projects, Veterans Park water feature construction and the Police Department radio system electrical upgrade.

RELEVANT FINANCIAL POLICIES

The City's financial policies are guided by state law and established by the Board of Aldermen. Financial policies include budgeting, taxation, procurement, revenue, debt management, fund balance and fraud prevention. Financial policies are generally included in the City Code which can be obtained from the City's website at www.lakesaintlouis.com.

In developing the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable assurance that assets are effectively safeguarded and those transactions are executed in accordance with management's authorization and are properly recorded. The concept of reasonable assurance recognizes that the cost of

the control should not exceed the benefits likely to be derived and that the evaluation of cost and benefits requires estimates and judgments by management. Within this framework, we believe that the City's system of internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Missouri State Law and the City Code require annual budgets to be prepared for the General and Capital Projects funds. Budgetary control is maintained by the encumbrance of estimated purchase amounts prior to the release of purchase orders to vendors. Appropriations lapse at year end to the extent that they have not been expended. The Board of Aldermen exercises control over budgeted expenditures throughout the fiscal year.

As of June 30, 2015, the City had \$11,710,000 in outstanding general obligation debt. Under Missouri Statutes, the City's general obligation debt issuance is subject to legal limitation based on ten percent of total assessed value of real property. At June 30, 2015 this debt limit was \$30,217,442.

These bonds, issued for street and drainage improvements, construction of a public works facility, reconstruction of Lake Saint Louis Boulevard, land acquisition and development of parks, acquisition and construction of a highway interchange and construction of a civic center, are considered to be net direct tax supported debt.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the City of Lake Saint Louis for its comprehensive annual financial report for the fiscal year ended June 30, 2014. The Certificate of Achievement is a prestigious national award that recognizes adherence to the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, the contents of which conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that the City's current report continues to conform to the Certificate of Achievement program requirements, and it is being submitted to the GFOA for review.

ACKNOWLEDGMENTS

The preparation of this report could not have been accomplished without the efficient and dedicated services of the Finance Office staff. I would like to express my appreciation to all who assisted and contributed to the preparation of this report. I

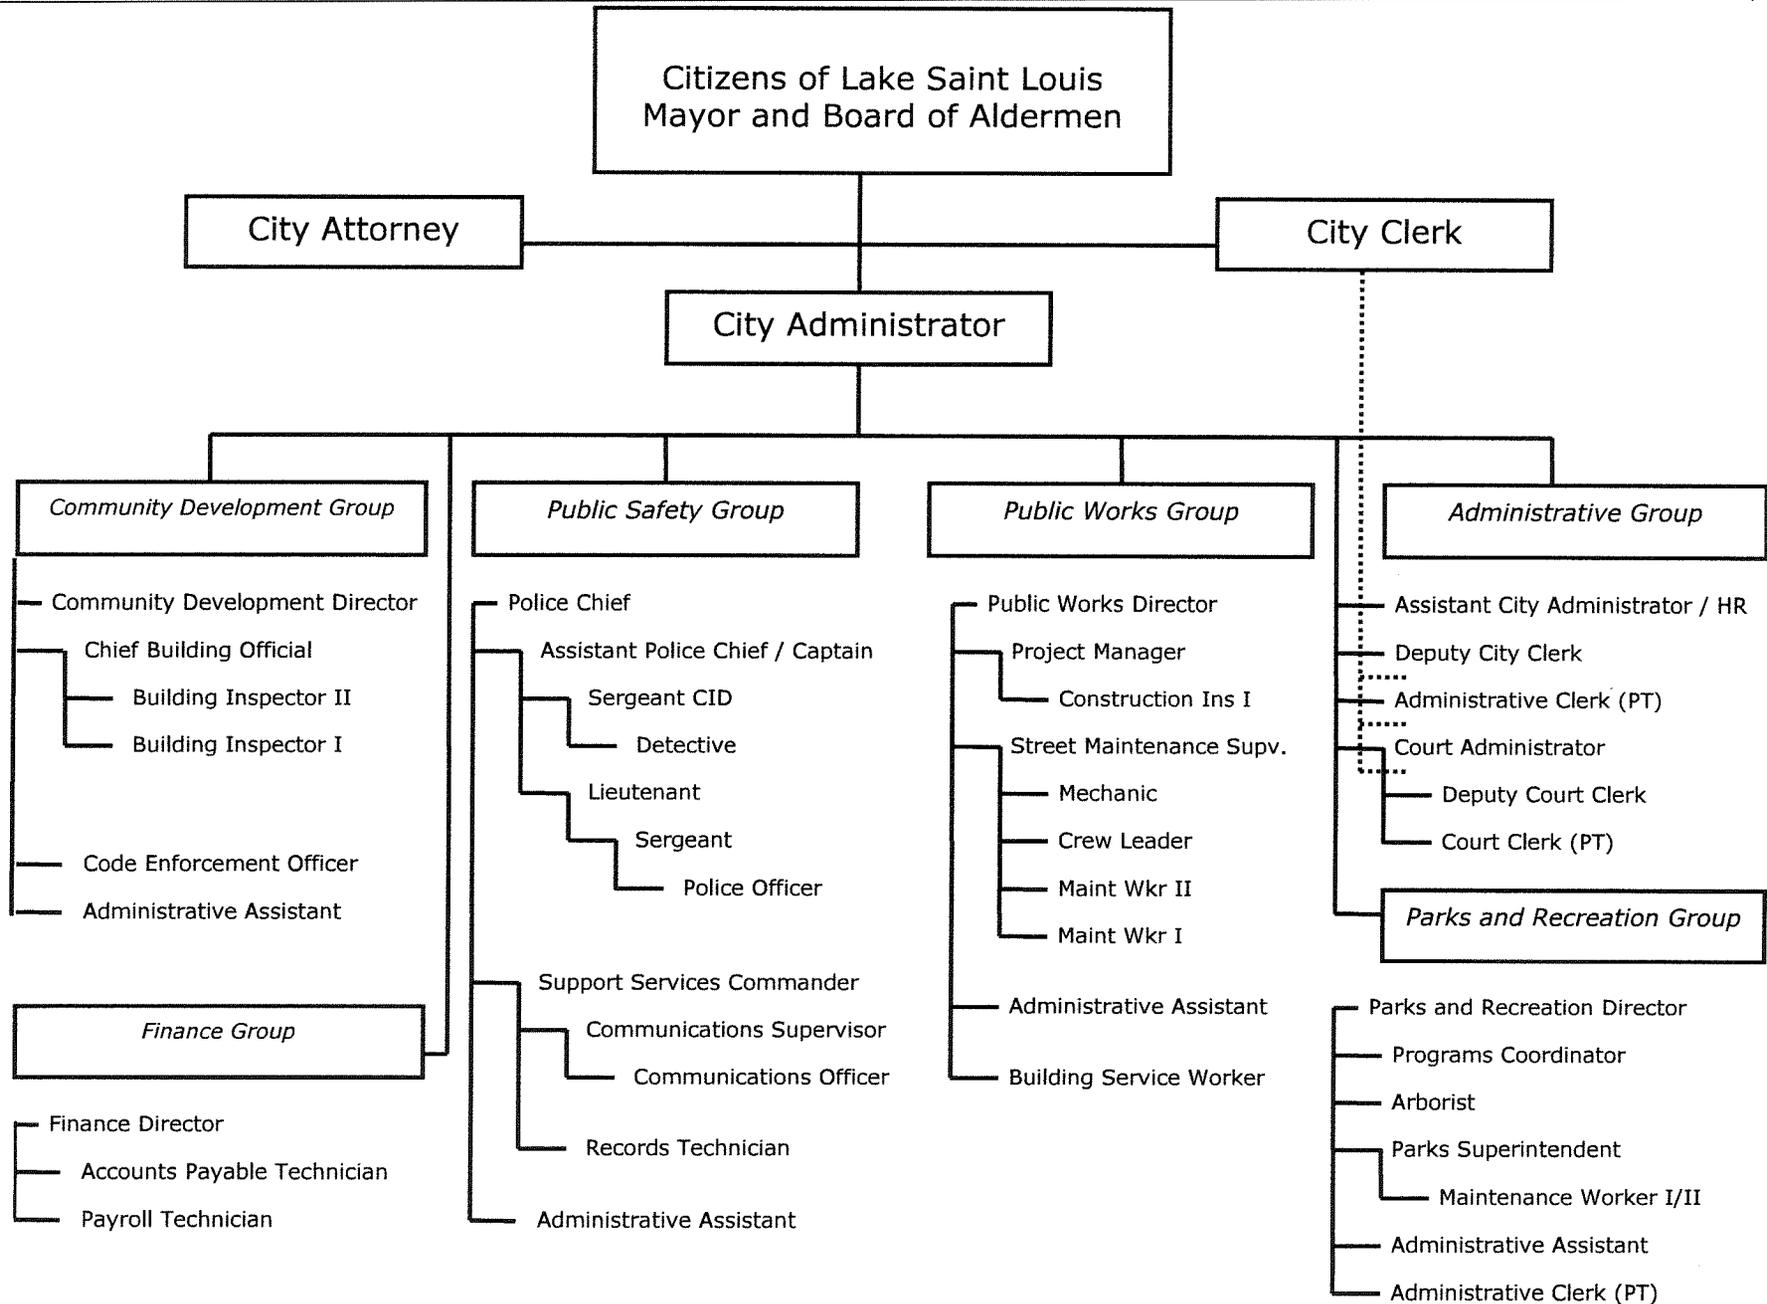

would also like to thank the Mayor and the Board of Aldermen for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Renee M. Roettger".

INDEPENDENT AUDITOR'S REPORT

December 16, 2015

Honorable Mayor and Board of Aldermen
CITY OF LAKE SAINT LOUIS, MISSOURI

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the **CITY OF LAKE SAINT LOUIS, MISSOURI** (the City), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appro-

- 15450 South Outer Forty Road, Suite 135, Chesterfield, Missouri 63017-2066, 636-532-9525, Fax 636-532-9055
- 1000 Washington Square, P. O. Box 1457, Washington, Missouri 63090-8457, 636-239-4785, Fax 636-239-5448

appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2015, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplemental information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The other supplemental information and introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

OTHER REPORTING REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2015 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF LAKE SAINT LOUIS, MISSOURI

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

This Management's Discussion and Analysis (MD&A) section of the City of Lake Saint Louis, Missouri's (the City) financial report presents an easily readable analysis of the City's financial activities based on currently known facts, decisions, and conditions. For a comprehensive understanding of the financial statements, please review the City's financial statements, including the footnotes, that follow the MD&A.

Financial Highlights

- On a government-wide basis the assets of the City exceeded liabilities at June 30, 2015 by \$42,366,288. Of this amount, \$30,562,751 is invested in capital assets net of related debt and \$4,296,919 is restricted for specific purposes (restricted net position). The City's unrestricted net position balance is \$7,506,618.
- The City's total net position increased \$1,559,311 during 2014/2015.
- General revenues related to governmental activities were \$11,195,904 and include \$7,635,965 (68.2%) in sales and utility gross receipt taxes. Property taxes accounted for \$3,222,826 (28.8%) of general revenues.
- General expenses from the various functions of governmental activities were \$12,089,862.
- At June 30, 2015, the City's governmental funds reported combined ending fund balances of \$8,389,616, an increase of \$894,929 compared to the June 30, 2014 ending fund balances of \$7,494,687. Approximately \$3,000,000 or 37.3% of this total is not assigned or restricted in any way and is available to be spent at the City's discretion.
- At June 30, 2015, the unassigned fund balance of the General Fund was \$3,130,555, or 30% of General Fund revenues.

Overview of the Financial Statements

This MD&A is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements.

Required supplemental information and other supplemental information is also included in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The government-wide financial statements include the statement of net position and the statement of activities.

The statement of net position presents all of the City's assets and liabilities with the difference between the two reported as net position. Net position is an important measure of the City's overall financial health. The fluctuations in net position can be monitored to determine whether the City's financial positions are improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flow. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements report functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities for the City include general government, public safety, public works, parks and recreation, and planning and development.

Government-wide Financial Analysis

In the government-wide financial statements, all of the activities of the City are considered activities of the primary government. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances as discussed in the following analysis of net position and changes in net position.

Condensed Financial Statements

During the year ended June 30, 2015, the City adopted Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement No. 27* (GASB 68), which resulted in pension related assets, outflows and inflows. A condensed version of the statement of net position follows:

Statement of Net Position Governmental Activities

	June 30		2015 Change	
	2015	2014	Amount	Percent
ASSETS				
Current and other assets	\$ 14,048,548	10,454,061	3,594,487	34 %
Capital assets, net of depreciation	42,760,669	43,985,794	(1,225,125)	(3)
Total Assets	<u>56,809,217</u>	<u>54,439,855</u>	<u>2,369,362</u>	4
DEFERRED OUTFLOWS OF RESOURCES				
	<u>968,237</u>	<u>319,023</u>	<u>649,214</u>	204
LIABILITIES				
Current and other liabilities	2,129,519	1,602,776	526,743	33
Long-term liabilities	13,169,739	14,132,384	(962,645)	(7)
Total Liabilities	<u>15,299,258</u>	<u>15,735,160</u>	<u>(435,902)</u>	(3)
DEFERRED INFLOWS OF RESOURCES				
	<u>111,908</u>	<u>-</u>	<u>111,908</u>	100
NET POSITION				
Net investment in capital assets	30,562,751	30,712,404	(149,653)	-
Restricted	4,296,919	4,350,233	(53,314)	(1)
Unrestricted	<u>7,506,618</u>	<u>3,961,081</u>	<u>3,545,537</u>	90
Total Net Position	<u>\$ 42,366,288</u>	<u>39,023,718</u>	<u>3,342,570</u>	9 %

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As illustrated above, in the case of the City, assets exceeded liabilities by \$42,366,288 at June 30, 2015.

A portion of the City's net position \$7,506,618 are unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors. Additionally, a portion of the City's governmental activities net position (\$4,296,919) represents resources that are subject to external restrictions on how they may be used.

The remaining portion of the City's net position reflects its investment in capital assets (e.g., land, infrastructure, buildings, vehicles, and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A condensed version of the statement of activities compared to the prior year follows:

**Statement of Activities
Governmental Activities**

	For The Years Ended June 30		2015 Change	
	2015	2014	Amount	Percent
REVENUES				
Program revenues:				
Charges for services	\$ 1,276,971	1,177,495	99,476	8 %
Operating grants and contributions	995,857	927,385	68,472	7
Capital grants and contributions	180,441	1,941,997	(1,761,556)	(91)
General revenues:				
Taxes	10,918,936	9,847,072	1,071,864	11
Investment income	108,173	74,891	33,282	44
Other	168,795	178,698	(9,903)	(6)
Total Revenues	<u>13,649,173</u>	<u>14,147,538</u>	<u>(498,365)</u>	<u>(4)</u>
EXPENSES				
Administration	1,208,475	1,342,062	(133,587)	(10)
Finance	305,219	313,157	(7,938)	(3)
Police	3,097,853	3,305,910	(208,057)	(6)
Community development	570,291	589,679	(19,388)	(3)
Public works	5,195,070	3,238,425	1,956,645	60
Court	195,748	201,558	(5,810)	(3)
Parks	1,023,809	1,077,325	(53,516)	(5)
Facilities maintenance	133,103	147,105	(14,002)	(10)
Interest and fiscal charges	360,294	508,272	(147,978)	(29)
Total Expenses	<u>12,089,862</u>	<u>10,723,493</u>	<u>1,366,369</u>	<u>13</u>
CHANGE IN NET POSITION	<u>1,559,311</u>	<u>3,424,045</u>	<u>(1,864,734)</u>	<u>(54)</u>
NET POSITION, JULY 1	39,023,718	35,599,673	3,424,045	
RESTATEMENT FOR GASB 68	<u>1,783,259</u>	<u>-</u>	<u>1,783,259</u>	
NET POSITION, JULY 1	<u>40,806,977</u>	<u>35,599,673</u>	<u>5,207,304</u>	15
NET POSITION, JUNE 30	<u>\$ 42,366,288</u>	<u>39,023,718</u>	<u>3,342,570</u>	9 %

The increase in net position is due to fluctuations as noted in the above schedule. The most significant revenue fluctuation is the tax revenue that depends largely on the economy and the City's ability to collect taxes and grants.

The City's net position (the difference between assets and liabilities) is one way to measure the City's financial health and financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. Other nonfinancial indicators such as changes in the City's property tax base, etc. should be considered to assess the overall health of the City.

In 2014/2015, the City's program revenues on a government-wide basis was \$2,453,269, a decrease of \$1,593,608 from 2014 program revenues. This change is mainly the result of decreases in capital grants and contributions of \$1,761,556 related primarily to the Freymuth Road reconstruction project. Also, the taxes category increased primarily due to the new capital projects sales tax.

Fund Financial Statements

Another section of the basic financial statements is the fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure compliance with finance-related legal requirements. All of the funds of the City are governmental funds.

Governmental Funds

The City's basic services are included in governmental funds. These funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. These fund statements measure current financial resources and uses or in essence, near-term inflows and outflows of expendable resources, as well as balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheets and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Government Funds Financial Analysis

At the end of the current fiscal year, the City's governmental funds report a combined fund balance of \$8,389,616, with a net increase in total fund balance of \$894,929 from the previous year. The General Fund was budgeted to decrease \$194,626 but instead increased due to unspent department budgets totaling \$743,425 and revenue in excess of budgeted revenue of \$126,687. The Debt Service Fund decreased by \$7,318 due to increased debt principal payments. The Capital Projects Fund increased \$326,034 due to capital projects budgeted but not completed in 2014/2015. The Bond Projects Fund decreased \$95,738 as scheduled bond-funded projects were completed. The Water Line Insurance Fund decreased \$3,354 because costs to repair insured water lines were in excess of insurance tax revenues.

Approximately \$3,000,000 of the total June 30, 2015 combined fund balance represents unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance is nonspendable, restricted, committed, or assigned to indicate that it is not available for new spending because it has previously been dedicated: 1) to liquidate existing contracts and purchase orders (\$183,252) and compensated absences (\$383,810), 2) to pay debt service (\$1,024,800), 3) to fund projects per general obligation bond requirements (\$300,334), 4) to fund capital projects (\$3,162,577), 5) to fund repairs covered by water line insurance (\$70,210), and 6) for prepaid items (\$134,078).

General Fund

The General Fund is the primary operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$3,130,555, while total fund balance was \$3,831,695.

As a measure of the General Fund's liquidity, it may be useful to compare both the unassigned fund balance and total fund balance to total fund expenditures. In fiscal year 2014/2015, unassigned fund balance represents 34.1% of total General Fund expenditures, up from 28.7% during fiscal year 2013/2014.

General Fund Budgetary Highlights

General Fund expenditures were \$9,186,834 or 7.5% under budgeted expenditures of \$9,930,259, primarily due to a decrease in personnel costs. General Fund revenues were \$10,391,833 or 1% above the amount budgeted of \$10,265,146. Sales taxes were over budget by \$86,586 due to the recovering economy as well as additions of new retail businesses. Franchise taxes, which fluctuate based on the economy, were \$4,016 over budget.

Approximately \$740,000 of department budgets remained unspent at year-end: \$222,000 of personnel-related costs; \$100,000 for unpurchased commodities; \$111,000 for unspent contracted services; \$202,000 remaining unspent for capital items and \$105,000 for maintenance and other miscellaneous items.

General Fund Budget Variances

The budget was amended during the year to account for actual revenues and for expenses which were not predictable at budget time and for project cost overruns. Through the amendment process, revenues were increased \$1,263,042 (14.0%) over the original amount and expenditures and other financing sources (uses) were increased by \$232,305 (2.4%) and \$395,473 (295.0%), respectively, over the original budget.

Two major differences between original and final budgeted revenue amounts include an increase to sales taxes of \$214,000 due to increased retail sales citywide during the year and a \$50,000 increase in grants due to a drug task force grant and police overtime grants which were awarded during the year.

Increases and decreases in final budgeted expenditures are typically offset by a corresponding increase or decrease in a revenue line item or another expenditure, resulting in no net effect to the total budget. Besides transfers, the only material exceptions to this are.

Other Major Governmental Funds

Changes in fund balance for the other major governmental funds can be described as follows:

- The Debt Service Fund revenue increased \$24,022 and expenditures decreased \$54,646 over 2014/2015. Revenues increased due to an increase in property taxes. The decrease in expenditures is due to the decrease in debt payments. Total Debt Service Fund balance decreased by \$7,318 from the prior year.
- The fund balance in the Capital Projects Fund increased by \$326,034. Revenues increased approximately \$650,000 in the current year while expenditures increased about \$1,775,000 due to a special sales tax assessed to fund parks, street and storm water projects, along with an increase in capital outlay due to timing of projects completed.

Capital Assets

As of the year ended June 30, 2015, the City has invested, net of accumulated depreciation, \$42,760,669 in a broad range of capital assets including land, buildings, park facilities, vehicles, furniture, equipment, improvements and infrastructure. The amount represents a net decrease for the current fiscal year (including additions and deductions) of \$1,225,125.

Capital Assets, Net of Depreciation

	June 30	
	2015	2014
Capital assets, net of depreciation		
Land and construction in progress	\$ 4,350,435	6,785,779
Buildings	5,590,970	5,858,591
Automobiles	367,701	374,478
Furniture and equipment	673,732	752,358
Improvements	847,452	359,202
Infrastructure	<u>30,930,379</u>	<u>29,855,386</u>
Total Capital Assets, Net Of Depreciation	<u>\$ 42,760,669</u>	<u>43,985,794</u>

Additional information on the City’s capital assets can be found in Note C of this report.

Long-term Debt

At the end of the fiscal year, the City had outstanding long-term debt obligations of \$11,710,000 of general obligation bonds. Further information regarding debt may be found in Note E to the financial statements.

Outstanding Long-term Debt General Obligation Bonds

	June 30	
	2015	2014
2014 General Obligation Bonds	\$ 8,610,000	8,655,000
2010A Refunding Bonds	3,100,000	4,080,000
2006 Street, Park, Public Works Facility Bonds	-	110,000
Total	<u>\$ 11,710,000</u>	<u>12,845,000</u>

Compensated absences, or accrued vacation and compensatory time, increased \$3,651 or 0.5% over the prior fiscal year. The City maintained the same number of employees from the prior year and gave varied raises based on merit and longevity. The City also continued a "Paid Time Off" (PTO) program in lieu of vacation/sick leave. Employees are still able to carry over PTO hours earned during the preceding twelve months at fiscal year-end. Employees also earn long-term sick leave, but accrued long-term sick leave is not payable at termination.

Capital lease obligations outstanding are related to police vehicles and public works vehicles, as well as Founders Park baseball field lights.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements may be found on pages 17 - 31 of this report.

Required and Other Supplemental Information

In addition to the basic financial statements and accompanying notes, this report also contains certain required and other supplemental information, which can be found on pages 33 - 46 of this report.

Economic Factors and Next Year's Budgets and Rates

- General Fund tax revenues increased compared to 2014. Sales taxes totaled 44% of the City's General Fund revenues. The General Fund sales tax revenue increased by 5% in 2015.
- The 2016 budget was prepared with commercial and residential property tax rates of \$0.5951 and \$0.4700 for debt service per \$100 of assessed valuation.

City General Fund revenues increased overall during fiscal year 2014/2015 and are budgeted to remain consistent during fiscal year 2015/2016. Unreserved fund balance is budgeted to remain consistent during fiscal year 2015/2016.

Requests for Information

This financial report is designed to provide the City's residents and taxpayers with a general overview of the City's finances and to show the City's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

CITY OF LAKE SAINT LOUIS, MISSOURI
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL
FUNDS TO THE STATEMENT OF NET POSITION
JUNE 30, 2015

Total Fund Balances - Governmental Funds	\$ 8,389,616
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds. The cost of the assets is \$79,606,310 and the accumulated depreciation is \$36,845,641.	42,760,669
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.	14,067
Certain items are not a financial resource and, therefore are not reported in the governmental funds. These consist of:	
Net pension assets	1,795,059
Deferred outflows - pension related	681,116
Deferred inflows - pension related	(111,908)
Payments made through an intergovernmental agreement are expenditures in the governmental funds, but the agreement includes repayment terms that are long-term, therefore, are reported as a receivable in the statement of net position.	1,831,363
Bond premiums are reported in the statement of net position and amortized over the life of the bonds.	(417,505)
Deferred charges on refunding does not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	287,121
Accrued interest on long-term debt does not require the use of current financial resources and, therefore, is not reported as expenditures in the governmental funds.	(111,076)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the governmental funds:	
Bonds payable	(11,710,000)
Capital leases payable	(337,540)
Compensated absences	(704,694)
Total Net Position Of Governmental Activities	<u>\$ 42,366,288</u>

See notes to financial statements

CITY OF LAKE SAINT LOUIS, MISSOURI
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2015

Net Change In Fund Balances - Governmental Funds	\$ 894,929
Amounts reported for governmental activities in the statement of activities are different because:	
Capital outlays are reported in the governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$2,445,462) exceeded capital outlays over the capitalization threshold (\$1,226,682) in the current period.	(1,218,780)
The net effect of various other transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position.	(6,345)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.	
Decrease in unearned revenue - taxes	(14,834)
The issuance of long-term debt (i.e., bonds, leases) provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of the governmental funds. Neither transaction, however, has any effect on net position. Also, the governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the effect of these differences in the treatment of long-term debt and related items.	
Repayments during the current year:	
Principal payments on general obligation bonds	1,135,000
Principal payments on capital leases	250,075
Issuance of capital leases	(482,727)
Amortization of bond premium	57,988
Amortization of deferred charges	(31,902)
Payments made through an intergovernmental agreement are expenditures in the governmental funds, but the agreement includes repayment terms that are long-term, therefore, it is a receivable in the statement of net position.	417,822
Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	
Increase in net pension asset	17,760
Increase in deferred outflows - pension	681,116
Increase in deferred inflows - pension	(111,908)
Increase in accrued interest	(25,232)
In the governmental funds, personnel costs are measured by the amount of financial resources used, which does not include the increase in accrued compensated absences. These expenses are recorded in the statement of activities.	(3,651)
Change In Net Position Of Governmental Activities	\$ 1,559,311

CITY OF LAKE SAINT LOUIS, MISSOURI

NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The **CITY OF LAKE SAINT LOUIS, MISSOURI** (the City) was incorporated in 1975. The City is a fourth class city organized under state statute.

1. Reporting Entity

The financial statements of the City include the financial activities of the City and any component units, entities which are financially accountable to the City. The City does not currently have any component units.

2. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information of the primary government. For the most part, the effect of interfund activity has been removed from these statements, however, interfund services provided and used are not eliminated in the process of consolidation.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Major individual governmental funds are reported as separate columns in the fund financial statements.

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Grants and similar items are recognized as revenue as soon as all eligible requirements imposed by the provider have been met.

Governmental funds financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available. Revenues are considered to be measurable and available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Their expenditures are generally recognized when the related fund liability is incurred.

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this rule are payment-in-lieu of taxes and other charges and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

The City reports the following major governmental funds:

General -- This fund is the general operating fund of the City. All general tax revenues and other revenues that are not allocated by law or contractual agreement to another fund are accounted for in this fund. The fund pays the general operating expenditures, the fixed charges and the capital improvement costs that are not paid through other funds.

Debt Service -- This fund accumulates monies for payment of the principal and interest on general obligation debt.

Capital Projects -- This fund accounts for improvements to city parks, streets, storm water basins, and drainage ways.

4. Property Taxes

Property taxes may be levied annually on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable.

All unpaid taxes become delinquent on January 1 of the following year and attach as an enforceable lien on the property at that date. The City levies a tax on the assessed value of commercial real property located within the City.

Property tax revenue is recognized to the extent it is collected within 60 days after year-end in the fund financial statements. Property taxes not collected within 60 days of year-end are deferred for fund financial statements but are recognized as revenue in the government-wide financial statements.

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Cash and Investments

Cash and investments are considered to be certificates of deposit, demand deposits, cash on hand, deposits in bank money market accounts, and short-term investments. The City's policy and state law authorize the following types of investments: U.S. Treasury Bills, Federal agency obligations, obligations of governmental sponsored corporations, certificates of deposit, and repurchase agreements collateralized by government securities.

6. Capital Assets

Capital assets, which include building improvements, improvements other than buildings, automobiles, machinery and equipment, furniture and fixtures, and infrastructure are reported in the governmental activities of the government-wide financial statements. Capital assets are charged to expenditures as purchased in the governmental fund statements. Capital assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at estimated fair value as of the date of the donation. Capital assets are defined by the City as assets with an initial, individual cost of more than \$1,000 and an estimated useful life greater than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Additions or improvements and other capital outlays that significantly extend the useful life of an asset, or that significantly increase the capacity of an asset, are capitalized.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the asset's life are not capitalized.

Depreciation is being computed on the straight-line method, using asset lives as follows:

Asset	Years
Buildings	30
Improvements other than buildings	10
Automobiles	5
Furniture and equipment	3 - 15
Infrastructure	7 - 50

7. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenses/expenditures when consumed rather than when purchased.

8. Compensated Absences

Effective July 1, 2011, the City initiated a paid time off (PTO) policy that replaces vacation and paid sick leave. Employees earn paid time off annually ranging from 144 hours to 224 hours.

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Compensated Absences (Continued)

PTO is cumulative and the amount earned in the current year can be carried over into the next year. Additional unused time can be carried over in certain cases.

Employees with sick leave balances earned prior to July 1, 2011 were able to keep the time earned. Employees are not reimbursed for accumulated sick leave upon termination; however, upon full retirement, employees may receive compensation for up to 1,200 hours of accrued sick leave.

Accumulated PTO and sick leave are accrued in the government-wide financial statements. A liability is recorded in the governmental funds financial statements when payment is due. The General Fund has typically been used in prior years to liquidate the liability for compensated absences.

9. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category in the government-wide statement of net position. The first item is the deferred charge on refunding which results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is deferred outflows related to the pension.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two items that qualifies for reporting in this category. The first item arises under a modified accrual basis of accounting. Unavailable revenues, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from various sources. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The second item is deferred outflows related to the pension on the government-wide financial statements.

10. Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and the accompanying notes. Actual results could differ from those estimates.

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

11. Fund Balance Policies

The fund balance amounts are reported in the following applicable categories listed from the most restrictive to the least restrictive:

Nonspendable -- The portion of fund balance that is not in a spendable form or is required to be maintained intact.

Restricted -- The portion of fund balance that is subject to external restrictions and constrained to specific purposes imposed by agreement, through constitutional provisions, or by enabling legislation.

Committed -- The portion of fund balance with constraints or limitations by formal action (ordinance) of the Board of Aldermen, the highest level of decision-making authority.

Assigned -- The portion of fund balance that the City intends to use for a specific purpose as determined by the applicable City officials to which the Board of Aldermen by ordinance have designated authority.

Unassigned -- Amounts that are available for any purpose; these positive amounts are reported only in the General Fund.

When both restricted and unrestricted resources are available, the City will spend the most restricted amounts before the least restricted. When the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

12. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the governmental fund types. Since appropriations lapse at year-end, outstanding encumbrances are reappropriated in the subsequent fiscal year's budget to provide for the liquidation of the prior commitments. Encumbrances do not constitute current year expenditures or liabilities. Encumbrances outstanding at year-end were \$183,252 for the General Fund, \$1,015,468 for the Capital Projects Fund, and \$292,600 for the Bond Projects Fund.

13. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS' fiduciary net position have been determined on the same

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

13. Pensions (Continued)

basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. LAGERS' investments are reported at fair value.

NOTE B - CASH

Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. The City's bank deposits are required by state law to be collateralized by the deposit of certain securities in an amount at least equal to the uninsured deposits with the financial institution. The value of the securities must amount to the total of the City's cash not insured by the Federal Deposit Insurance Corporation (FDIC). As of June 30, 2015, the City's bank deposits totaled \$8,369,042. The bank balances were covered by FDIC in the amount of \$250,000 and \$8,119,042 was covered by collateral pledged in the name of the City and held by the pledging bank's trust department or agent.

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE D - PENSION PLAN

Plan Description

The City's defined benefit pension plan provides certain retirement, disability, and death benefits to plan members and beneficiaries. The City participates in the LAGERS. LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo 70.600 - 70.755. As such, it is LAGERS' responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS' Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS' website at www.molagers.org.

Benefits Provided

LAGERS provides retirement, death, and disability benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police) and receive a reduced allowance.

2015 Valuation

Benefit multiplier	1.5% for life, plus 0.5% to age 65
Final average salary	3 years
Member contributions	- %

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees Covered by Benefit Terms

At June 30, 2015, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	40
Inactive employees entitled to but not yet receiving benefits	52
Active employees	<u>83</u>
Total	<u>175</u>

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE D - PENSION PLAN (Continued)

Contributions

The City is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the City do not contribute to the pension plan. The City contribution rates are 12.6% (General) and 13.8% (Police) of annual covered payroll.

Net Pension Liability

The City's net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 28, 2015.

Actuarial Assumptions

The total pension liability in the February 28, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.5% wage inflation; 3% price inflation
Salary increases	3.5% to 6.8%; includes wage inflation component of 3.5%
Investment rate of return	7.25%, net of investment and administrative expenses

Mortality rates were based on 105% of the 1994 Group Annuity Mortality Table set back zero years for both males and females.

The actuarial assumptions used in the February 28, 2015 valuation were based on the results of an actuarial experience study for the period March 1, 2005 through February 28, 2010.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Allocation</u>	<u>Long-term Expected Real Rate Of Return</u>
Equity	48.50%	5.50%
Fixed income	25.00	2.25
Real assets	20.00	4.50
Strategic Assets	6.50	7.50

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE D - PENSION PLAN (Continued)

Discount Rate

The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

Changes in the Net Pension Liability

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a) - (b)
Balances at June 30, 2014	\$ 11,060,707	12,838,006	(1,777,299)
Changes for the year

Balances at June 30, 2015	<u>\$ 12,029,183</u>	<u>13,824,242</u>	<u>(1,795,059)</u>

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the City, calculated using the discount rate of 7.25%, as well as what the City's net pension liability would be using a discount rate that is 1% point lower (6.25%) or 1% point higher (8.25%) than the current rate.

	<u>1% Decrease</u>	<u>Current Single Discount Rate Assumption</u>	<u>1% Increase</u>
Net pension liability (asset)	\$134,930	(1,795,059)	(3,384,775)

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE D - PENSION PLAN (Continued)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2015, the City recognized pension expense (benefit) of (75,858). Reported deferred outflows and inflows of resources are related to the following sources:

	Outflows	Inflows	Net Outflows
Difference between expected and actual experience	\$ 120,290	(111,908)	8,382
Net difference between projected and actual earnings on pension plan investments	560,826	-	560,826
Total	\$ 681,116	(111,908)	569,208

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

For The Years Ending June		
2016		\$138,146
2017		138,146
2018		138,146
2019		147,012
2020		7,758
Total		\$569,208

Payable to the Pension Plan

At June 30, 2015, the City reported a payable of \$13,500 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2015.

NOTE E - LONG-TERM LIABILITIES

Long-term debt activity was as follows:

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE E - LONG-TERM LIABILITIES (Continued)

	For The Year Ended June 30, 2015			Balance June 30 2015	Amounts Due Within One Year
	Balance July 1 2014	Additions	Reductions		
General obligation bonds	\$ 12,845,000	-	1,135,000	11,710,000	1,165,000
Bond premiums	475,493	-	57,988	417,505	-
Capital leases payable	104,888	482,727	250,075	337,540	203,461
Compensated absences	701,043	390,008	386,357	704,694	211,408
Total Long-term Debt	<u>\$ 14,126,424</u>	<u>872,735</u>	<u>1,829,420</u>	<u>13,169,739</u>	<u>1,579,869</u>

Compensated absences, pension obligations, and capital leases are generally liquidated by the General Fund. Bonds payable are liquidated by the Debt Service Fund.

General Obligation Bonds

The City issued \$7,230,000 in general obligation refunding bonds (Series 2010A) to refund bonds issued in 2001 for street improvements and in 2002 for the construction of the Civic Center and to refund outstanding refunding bonds. The bonds are due in varying amounts through 2021 with interest at 2.25% to 3.5%.

The City issued \$8,655,000 in general obligation refunding bonds (Series 2014) to refund bonds issued in 2006 for street improvements, park improvements, and the construction of a public works facility. The bonds are due in varying amounts through 2024 with interest at 2% to 3%.

Aggregate maturities required on general obligation bonds are as follows:

For The Years Ending June 30	General Obligation Bonds		
	Principal	Interest	Total
2016	\$ 1,165,000	317,000	1,482,000
2017	1,195,000	283,650	1,478,650
2018	1,225,000	253,950	1,478,950
2019	1,255,000	224,125	1,479,125
2020	1,295,000	193,475	1,488,475
2021 - 2024	5,575,000	370,394	5,945,394
Total	<u>\$ 11,710,000</u>	<u>1,642,594</u>	<u>13,352,594</u>

Capital Leases Payable

	June 30 2015
\$70,719 capital lease for two Ford Explorers and equipment, due in monthly installments through February 2016, interest payable at 3.4%.	\$ 23,564
\$27,860 capital lease for police Ford Interceptor and equipment, due in monthly installments through November 2015, interest payable at 3.39%.	9,283
\$334,700 capital lease for ballfield lights, due in three annual installments through November 2016, interest payable at 2.38%.	220,499
\$67,614 capital lease for two Ford police utility vehicles and equipment, due in three annual installments through October 2016, interest payable at 2.5%.	44,484
\$80,413 capital lease for International dump truck and equipment, due in two annual installments through October 2015, interest payable at 2.5%.	39,710
Total	\$ 337,540

The assets acquired through capital leases are as follows:

Assets	June 30 2015
Equipment and vehicles	\$ 589,149
Less - Accumulated depreciation	41,708
Total Assets	\$ 547,441

A schedule of future minimum lease payments under the capital lease and the present value of the net minimum lease payments are as follows:

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE E - LONG-TERM LIABILITIES (Continued)

For The Years Ending June 30	
2016	\$ 211,995
2017	<u>137,331</u>
Total Future Minimum Lease Payments	349,326
Less - Amount representing interest	<u>11,786</u>
Present Value Of Future Minimum Lease Payments	<u><u>\$ 337,540</u></u>

NOTE F - COMMITMENTS AND CONTINGENCIES

On December 21, 2009, the City entered into an agreement with The Meadows Transportation Development District (the District) to pledge 0.75% of City sales taxes collected within the District to be used towards repayment of the Districts’ Series A bonds. Total payments to the District for the fiscal year ended June 30, 2015 were \$321,126. Upon full repayment of the Series A debt issued by the District, the City will be repaid amounts paid to the District through a debt issuance by the District. Accordingly, intergovernmental receivables presented on the statement of net position as of June 30, 2015 are \$1,831,363 due from the District, which includes interest of \$90,409.

From time to time, the City is a party to claims and legal actions arising in the ordinary course of its operations. Although the outcome of such matters cannot be forecast with certainty, in the opinion of management, all such matters are adequately covered by insurance, or if not covered, are without merit or involve amounts such that an unfavorable disposition would not have a material effect on the financial statements of the City.

NOTE G - INTERFUND TRANSFERS

Interfund transfers are as follows:

<u>Transfers From</u>	<u>Transfers To</u>	For The Year Ended June 30 2015
General Fund	Capital Projects Fund	<u><u>\$ 697,540</u></u>

Legally authorized transfers are reported when incurred as transfers in by the recipient fund and as transfers out by the disbursing fund. Interfund transfers may be used to: 1) move revenues from the fund that ordinance or budget requires to collect them to the fund that ordinance or budget requires to expend them and 2) use unrestricted revenues collected in the General Fund to finance capital improvements and other funds in accordance with budgetary authorization.

CITY OF LAKE SAINT LOUIS, MISSOURI
NOTES TO FINANCIAL STATEMENTS

NOTE H - RISK MANAGEMENT

The City is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Since the City was unable to obtain general liability insurance at a cost it considered to be economically justifiable, the City joined other political subdivisions organized under the auspices of the St. Louis Area Insurance Trust (SLAIT), a public entity risk pool. The City pays a member assessment to SLAIT for its general insurance coverage. Member assessments collected will be retained by SLAIT to pay losses, to purchase necessary excess insurance and insurance services, as well as pay the administrative expenses incurred to provide the “protected” program covering a catastrophe or a series of catastrophes.

Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE I - FINES AND COURT COSTS FOR TRAFFIC VIOLATIONS

RSMo 302.341.2 requires an accounting of the percentage of annual fines and courts costs for traffic violations, including amended charges from any charged traffic violation, occurring within the City to total general operating revenue, to be included in the annual financial report. During the year, the amount of fines, forfeitures and court costs for traffic violations, the general operating revenue, and related percent amounted to \$294,527, \$9,395,976, and 3.1%, respectively, which is below the threshold of 30% identified in RSMo 302.341.2.

NOTE J - RESTRICTED NET POSITION

The government-wide statement of net position reports \$4,296,919 of restricted net position and \$3,266,075 which is restricted by enabling legislation.

NOTE K - RESTATEMENT OF NET POSITION

The previously reported net position has been restated to implement GASB 68 as follows:

	<u>Governmental Activities</u>
Net position, June 30, 2014 as previously reported	\$39,023,718
Restatement for:	
Net pension asset	1,777,299
Remove net pension obligation	<u>5,960</u>

SCHEDULE OF REVENUES, EXPENDITURES, AND
CHANGE IN FUND BALANCE - BUDGET AND ACTUAL
FOR THE YEAR ENDED JUNE 30, 2015**

Budgetary Data

The City follows these procedures in establishing the budgetary data:

- a. In February of each year, the City Administrator and Finance Director will collect the data necessary and make preliminary revenue estimates for the coming fiscal year. He/she will estimate the expenditures for the present year and note expenditures and revenues for the previous two fiscal years. He/she will request from each City Officer a statement of expenditures requested for the coming fiscal year.
- b. In March of each year, the City Administrator and Finance Director will review the departmental requests and make his/her final revenue estimates for the coming fiscal year and will confer with department heads to discuss these requests.
- c. In April of each year, the City Administrator and Finance Director will begin assembling the City budget.
- d. Public hearing meetings are held to obtain taxpayer comments.
- e. Prior to July 1, the budget is adopted by the Board of Aldermen.
- f. Subsequent to its formal approval of the budget, the Board of Aldermen has the authority to make necessary adjustments to the budget by formal vote of the Board.
- g. The City's legal level of budgetary control is at the fund level.
- h. Budgets are adopted on a basis generally consistent with accounting principles generally accepted in the United States of America, except for the effects of debt refunding transactions. Appropriations lapse at year end unless an encumbrance request is made.

For the year ended June 30, 2015, the Debt Service Fund expenditures exceeded budget by \$2,149. This was covered by available fund balance.

Notes to schedule:

Valuation date:

Actuarially determined contribution rates are calculated as of February 28, 2015 prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Amortization method	Level percent of payroll, closed
Remaining amortization period	Multiple bases from 14 to 16 years
Asset valuation method	5 years smoothed market; 20% corridor
Inflation	3.5% wage inflation; 3% price inflation
Salary increases	3.5% to 6.8%; includes wage inflation component of 3.5%
Investment rate of return	7.25%, net of investment and administrative expenses
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2010 valuation pursuant to an experience study of the period 2005 - 2010.
Mortality	105% of the 1994 Group Annuity Mortality Table set back zero years for both males and females. Based upon experience observed during the most recent 5-year period study, it appears that the current table provides for an approximate 13% margin for future mortality improvement.

Other information:

Note:

There were no benefit changes during the year.

SECTION III - STATISTICAL SECTION

CITY OF LAKE SAINT LOUIS, MISSOURI

STATISTICAL SECTION

This part of the City’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplemental information says about the City’s overall financial health.

Contents	Page
Financial Trends	
These schedules contain trend information to help the reader understand how the City’s financial performance and well-being have changed over time.	49 - 53
Revenue Capacity	
These schedules contain information to help the reader assess the City’s local revenue sources. Given the limited number of businesses, it would not be possible to break out sales tax information on industries because of the confidentiality of individual businesses.	54 - 60
Debt Capacity	
These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future. Since the City has not had any long-term debt, these schedules are generally not applicable.	61 - 63
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City’s financial activities take place.	64 - 66
Operating Information	
These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to the services the City provides and the activities it performs.	67 - 68

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Fiscal Years Ended June 30	General Fund Cash Balance
2011	\$ 1,561,251
2012	2,167,086
2013	2,117,678
2014	3,037,484
2015	4,018,254

CITY OF LAKE SAINT LOUIS, MISSOURI
CONTINUING DISCLOSURE TABLES
JUNE 30, 2015

Current Assessed Valuation

	<u>Assessed Valuation</u>	<u>Assessment Rate</u>	<u>Estimated Actual Valuation</u>
Real estate:			
Residential	\$ 236,240,169	19 %	\$ 1,243,369,311
Agricultural	770,173	12	6,418,108
Commercial	65,164,080	32	203,637,750
Total Real Estate	<u>302,174,422</u>		<u>1,453,425,169</u>
Personal property (3)	48,360,126	33 (4)	146,545,836
State assessed railroad and utility property	<u>665,662</u>	32	<u>2,080,194</u>
Total	<u><u>\$ 351,200,210</u></u>		<u><u>\$ 1,602,051,199</u></u>

Source: City's financial records.

(3) Because the City does not levy a personal property tax, the City excludes personal property from the total assessed valuation of property on its audited financial statements.

(4) Assumes all personal property is assessed at 33%; because certain subclasses of tangible personal property are assessed at less than 33%, the estimated actual valuation for personal property would likely be greater than that shown above.

History of Property Valuation

<u>Years</u>	<u>Assessed Valuation (5)</u>	<u>Percentage Increase</u>
2011	\$ 357,869,162	(1.96) %
2012	363,027,014	1.44
2013	350,603,657	(3.42)
2014	351,200,210	0.17
2015	-	-

(5) Includes the assessed valuation of personal property. Because the City does not levy a personal property tax, the City excludes personal property from the total assessed valuation of property on its audited financial statements.

Property Tax Levies

<u>Fiscal Year</u>	<u>General Fund</u>	<u>Debt Service Fund</u>	<u>Total Levy</u>
2010 - 2011	\$ 0.5951	\$ 0.3994	\$ 0.9945
2011 - 2012	0.5951	0.4217	1.0168
2012 - 2013	0.5951	0.4217	1.0168
2013 - 2014	0.5951	0.4700	1.0651
2014 - 2015	0.5951	0.4700	1.0651
