Arbor Day was successful. Partnership with Green Tree Elementary has been great & would like to continue. It was appreciated the Mayor and Alderwoman Vennard were in attendance. It was mentioned volunteer shirts would be worth considering next year.

Discussion was held on ideas for the 2016 TRIM Grant. The tree board agreed to the following recommendation. Narrative for the TRIM Grant shall include development and City wide mailing of an informational tri-fold publication. The publication will include things such as general tree information, EAB information, and invitation/information about public workshops. The public workshops will be paid for by the TRIM Grant as well. Workshops can include tree planting, tree care, pruning, EAB, etc...

Next meeting will be held October 2016.
