

# Excavation Permits

July 5, 2022

# Permits

- Boring and Excavation Permits
- Right-of-way Usage Permits
- Driveway
- Grading
- Stormsewer

# B&E Permits

---

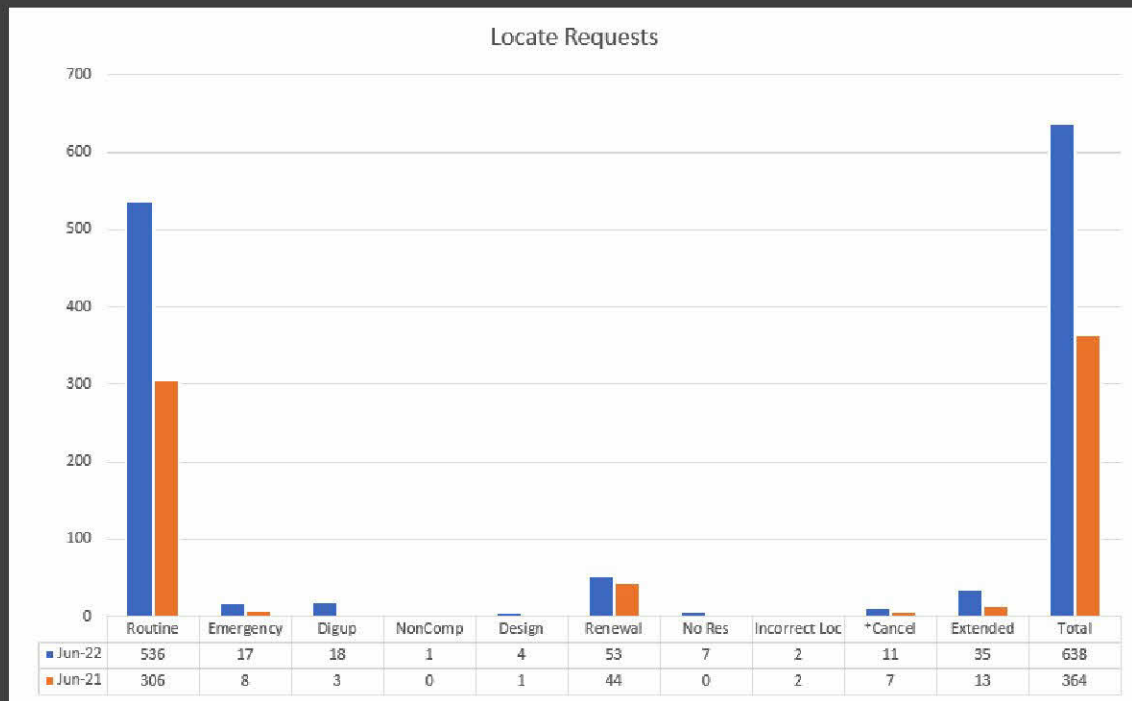

- Right-of-way only
- Considerations
  - Treat all Utilities the same
  - All Utilities have access to right-of-way by State Statute
- Requirements
  - Description of work or plans
  - Fee – 50 cents / foot for trenches or boring (\$50 minimum)
  - \$3 million Insurance, City named as Also Insured
  - Bond \$5,000
  - Self Performing Utilities with \$25 million are exempt from Insurance and Bond
  - Each permit is good for 60 days - may be extended

# Administration

---

- Large projects should have plan review completed prior to permit application
- Applications completed online or on paper
- Permits issued within 3 days
- Track active work
- Confirm restoration
- Preconstruction conference with contractor and inspector
- Site visit for traffic control and public safety: once per day to once per week depending on workload

# Locate Requests

- Locate Requests are up
- Emergency and Digup calls are up at a higher rate than overall permits
